IV. Director’s Report – Joe D. Cordova
Joe reported we avoided two Government shut downs and the post threat of funding is ok. DVR got past the threat of the State Legislature moving DVR under Workforce. DVR Administrative office found a building and will be moving but this has to be approved by the Secretary. HRD consolidation is still up in the air, the Governor is going through with the consolidation. Joe stated DVR has an official SRC liaison, Raymond Lujan. (End of report)

Bernadette Chavez had questioned how DVR will be handling the RSA SRC prior approval resource plan for Travel and why the SRC was not voting on that. Joe Cordova said we will be sending that to RSA and will include you.
Other statements made to Joe were that he was supposed to report on Budget/Finance, Personnel, Fair Hearings, Performance Stats., HR, and Successful closures.

Adrian Apodaca responded, spent approximately 5.6 million in Case Service, approximately 3.8 million dollars balance to the end of July. Dependent on the Government “Pay As You Go” mandatory tax cut of the automatic 8% across the board for all agencies, DVR will have to look at possibly having to close categories under OOS. To prevent closing categories DVR will be cancelling the Veterans contract, moving Job development services in house to save money. DVR has a 21% vacancy which is due to SPO’s delay in hiring and about 28 million in vacancy savings. Vacancies consist of VRC and Rehab. Techs.

Sandy Sandoval expressed concerns with the SPO consolidation and SPO’s delays in hiring modes. Questioned if HADC, Governor and LFC were aware of this. SRC could be an advocate to help this situation. In the past legislature has held the Governor accountable for these types of issues.

Adrian explained that the Governor said this consolidation was happening No Matter What. However, in order to compensate for the vacancies, OT is being allowed. SPO has approved 10 FTE’s in which 9 will be VRC’s that will focus heavily on Pre-Ets and in addition will carry a caseload of 50-60 clients increasing DVR’s capacity by 450 new cases statewide. Reyes Gonzales reported on special projects stating these were in the spirit of WIOA. 5 Zip Codes focuses on people with mental illness and substance abuse.

Adrian explained that NM Discovery is related to Jackson Participants and 2 trainings are currently being provided to DVR Staff to understand what discovery means and its process. Also defined CADETS-working with people who are incarcerated and or have records. On Fair hearing report up to November 17th had 3 withdrawals

Bernadette Chavez made a request of Joe Cordova to provide contracts for Fair Hearing and to review applications for Fair Hearing contracts at the time of renewal.
DVR Letterhead
Sandy Sandoval questioned if DOIT was taking over the Network Infrastructure. Adrian explained due to STOFF lease contract being up for renewal, Robert was looking at moving the infrastructure to a different location in the instance of a building re-location also due to the Governor mandating consolidation of office space renewal.

Also explained the difference of how TBR has more flexibility in providing VR services vs. State DVR. Also explained the processes of TBR what is allowed and the internal Processes and how they provide timely VR services to their clients. 121 cases can share cases with DVR not considered double dipping.

VII. DVR Staff Updates
A. MOP Revisions
Adrian Apodaca reported that the Public Hearings for the MOP revisions and the State Plan were scheduled for March 5th. Bernadette Chavez reminded DVR the SRC needs to be more involved in the planning of the Public Forums as stated on pg. 10 of the SRC report under recommendations in which DVR agreed. SRC continues to ask to be involved. Federal law clearly states SRC to be involved in State Plan Revisions. Hoping these things will be fixed with the new SRC
