

Project SEARCH 2022 Graduations

Project SEARCH helps young people with disabilities acquire competitive, transferable, and marketable job skills. The one-year school-to-work program provides real-life experience to assist youth with significant disabilities make successful transitions from high school to adult life.

Project SEARCH programs from around the state held their annual graduation ceremonies in May 2022, as the interns successfully completed their internship rotations in various business settings. Here are photos of proud graduates at their respective ceremonies.
